

NEBRASKA STATE ELECTRICAL ACT

81-2121. Act; not applicable to certain situations; enumerated.

Nothing in the State Electrical Act shall be construed to:

- (1) Require employees of municipal corporations, public power districts, public power and irrigation districts, electric membership or cooperative associations, public utility corporations, railroads, telephone or telegraph companies, or commercial or industrial companies performing manufacturing, installation, and repair work for such employer to hold licenses while acting within the scope of their employment;
- (2) Require any person doing work for which a license would otherwise be required under the act to hold a license issued under the act if he or she is the holder of a valid license issued by any city or other political subdivision, so long as he or she makes electrical installations only in the jurisdictional limits of such city or political subdivision and such license issued by the city or political subdivision meets the requirements of the act;
- (3) Cover the installation, maintenance, repair, or alteration of vertical transportation or passenger conveyors, elevators, moving walks, dumbwaiters, stagelifts, manlifts, or appurtenances thereto beyond the terminals of the controllers. The licensing of elevator contractors or constructors shall not be considered a part of the licensing requirements of the act;
- (4) Require a license of any person who engages any electrical appliance where approved electrical outlets are already installed;
- (5) Prohibit an owner of property from performing work on his or her principal residence or farm property, excluding commercial or industrial installations or installations in public-use buildings or facilities, or require such owner to be licensed under the act; or
- (6) Require that any person be a member of a labor union in order to be licensed.

81-2124. Electrical installations; subject to inspection.

- (1) All new electrical installations for commercial or industrial applications, including installations both inside and outside of the buildings, and for public-use buildings and facilities and any installation at the request of the owner shall be subject to the inspection and enforcement provisions of the State Electrical Act.
- (2) All new electrical installations for residential applications requiring new electrical service equipment shall be subject to the inspection and enforcement provisions of the act.
- (3) Existing electrical installations observed during inspection, which constitute an electrical hazard, shall be subject to the act. Existing installations shall not be deemed to constitute an electrical hazard if the wiring when originally installed was installed in accordance with the electrical code in force at the time of installation and has been maintained in that condition.
